**Shannon Still** Jodie Mason i found this info as i was wondering also; **ACTIVITY LEVEL**  
Once you reach the island, you'll board a tram and ride 3.5 miles to the beach. From there, you can explore the shoreline or head into the interior island trails. You'll need to be able to walk 1/4 mile from the tram to the seashore. The captain and mate can help you plan a route that fits your expectations and time on the island
