Subject: Lunch on HHI

Hi Kevin!

I enjoyed meeting you at the Republican lunch this past Monday! I was the one who asked about legalizing marijuana. Tom immediately added, as you know, the "medical" to it! Ha! So many of my neighbors smoke it that you can smell it in the halls occasionally! LOL

It seems we have a friend in common - Larry Fuller, who has nothing but wonderful things to say about you! Thought I'd pass it on!

Good luck with all your efforts! Tell your wife she's doing a great job coordinating your clothes - ha! Are you on facebook? Please friend me!

Ciao!
