Adding some of our park history to our facebook timeline, and I'm feeling nostalgic! Check out this cool camping photo from state park days gone by. Any idea which park? (clue in the photo) How has camping changed?

\*\*\*This is Myrtle Beach State Park, circa 1957

**Susan Webb** 1950s-early 60s ... hmmm... hardwoods, Huntington Beach SP not part of system until 1960... Edisto campsites closer to ocean, benches look like CCC work - I guess Myrtle Beach State Park and I sure would love one of those Pepsis!
