Subject: Prison Reform

Attachments: 2016-10-04 McDermott LT Bryant re prison reform (1).pdf

---

Senator, the attached letter is from a lady who stopped by the pharmacy yesterday. I also am attaching a link to a news story that covered the incident. You'll see from them why we believe that this may be of interest to you and your work on reform. The individual, Riley McDermott, was a constituent and a coach at Anderson University. We mentioned your work to Ms. McDermott, and I'm including here her contact information if you'd like to reach out to her. We also have contacted Bryan Stirling about visiting Riley.

Ms. McDermott seems truly interested in pursuing solutions to issues that I know (and told her) that you've worked on for many years. I believe that she is a mother simply trying to help her son but not by denying what happened in the first place. Please let me know if you'd like any more information.

Thanks

Danny
