Got it--thanks again, Chaney. Fair to assume she won't be doing any other shows in the morning?  
And is there any chance she might be available to do anything on tape this evening?

Emily,

Thanks for checking in, unfortunately we aren't going to be able to do anything tomorrow morning.

However, we are happy to stay in touch through the weekend.

Morning Chaney—

Thanks again for the call last night. Hope you at least got a little sleep!

Weekend GMA is interested in having Gov. Haley join the show live tomorrow morning near the top of the show—shortly after 7am. A pretape at about 6:30am might also be possible as an alternative. Do you think she might be available?

Thank you. Feel free to call my cell with any questions. 202-407-5135.

Good morning Chaney—

I'm a producer at ABC News, and we are working on putting together our hurricane coverage for tomorrow's GMA. We'd like to include Gov. Haley in the broadcast, and I wonder if she might be available to do an interview live via satellite sometime between 7:30 and 8am. She would likely be interviewed by either George Stephanopoulos or Amy Robach.

Please feel free to call me anytime on my cell if you have any questions. 202-407-5135.  
Thanks very much to you and the governor for considering it.

Very best,  
Emily
