To clarify, state hospital and healthcare associations have filed suit against DHEC with state Supreme Court asking the justices to rule that DHEC should process CON applications and comply with state law. The associations also claim that although the governor's veto message said it applied only to the CON program, her veto in fact struck down funding for a number of other vital programs administered by DHEC.

Rob –

Does the governor have any comment on today's state Supreme Court opinion that her veto message, saying it only applied to the CON program, in fact struck down funding for a number of other vital programs administered by DHEC?

Appreciate your help.

Hope all is well.
