**Historical Information**

Historical Information: These investigations identified 14 roads associated with Watson Hill's logging era, circa 1925-2006. These include seven historic roads (Roads 1306.08-1306.14) and seven non-historic roads (Roads A-G). These roads were developed by logging enterprises in the early to mid-twentieth century to facilitate silvicultural activities at Watson Hill.

The USGS (1973) aerial shows Road 1306.13 integrated into the logging road network.
