You lost my support over the Confederate flag issue. I get that the flag needed to be displayed in a different way in some areas, however, you caved on this issue before there could even be any discussion.

Where are you on stopping funding for Planned Parenthood? We have heard nothing from you on this issue.

Need to hear something if you want my support back. Wondering if you are moving to the liberal side?

Thank you,  
Kathy Winiger
