**BODIES ARE NOT  
COMMODITIES**

HIGH SCHOOL

The A21 Campaign is a non-profit organization that exists to abolish injustice in the 21st century through a comprehensive system of preventative measures, victim protection, prosecution of violators, and strategic partnerships.

#### **DID YOU KNOW:**

- There are more slaves in the world today than at any other point in human history. More than 27 million people are trapped in bondage.
- Human trafficking is the second largest criminal industry, exploiting men, women, and children against their will for manual and sexual labor.
- An estimated 100,000 children are victims of sex trafficking each year in the United States.

The A21 High School Curriculum, *Bodies Are Not Commodities*, has been developed in response to an overwhelming need for education about human trafficking among students. This resource will create an awareness about the injustice of human trafficking through statistics, stories, and hands-on activities, offer important information on how to recognize potentially dangerous situations, and provide students with real-life examples on how they can be a part of the solution.

- Five multimedia and interactive sessions
- Includes a facilitator guide, a student guide, and video downloads
- Supplementary curriculum for Social Studies, English, and Health courses
- Fully aligned to the Common Core State Standards
- Texas (TEKS) version is available online for download
