## South Carolina State Parks

at 13:23:21 on 3/09/2017 UTC · 🌐

Edisto Beach State Park Update: We are working diligently on the beach campground at Edisto. Currently, we are removing sand from the campground area, repairing the bathhouses and purchasing the materials to renovate all of the utilities. It is still our goal to have the campground open in September.

In other exciting news, the beaches of Edisto Island are undergoing re-nourishment and look better than ever. Sand has been pumped in and the beaches are wider and should provide a better beach-going experience for all. Take a look at some of the photos below that show the re-nourishment of the beaches on Edisto. [www.southcarolinaparks.com/edistobeach](http://www.southcarolinaparks.com/edistobeach)
