

Governor Nikki Haley

Why don't you and the other representatives in Columbia stop dipping into the coffers of our taxes for your own selves and start to live on a normal salary like the rest of the people in the state $\frac{3}{4}$ of us live on just 1,100 a month and if you cut your big salaries in $\frac{3}{4}$ and live on the $\frac{1}{4}$ you will know what it is to scrape by. I know that you come from money and don't even know how to live like that. and all of the fools that are up there making laws that don't even mean anything. and you have all of these weigh stations on the highways and they are closed $\frac{3}{4}$ of the time and you are losing money that way they should be open 24-7 and you are also making this state a lot hotter than it should be by cutting down all of the trees on the highways for more cement and asphalt well that makes the ground hotter. and you should also make sure that this state isn't a sanctuary.

this state and the only reason that to
come here is because they get welfare
& food stamps and don't tell me I don't
know what I'm talking about I have
seen it with my own eyes and U.S. Senior
can't get any more than \$16.00 a month
food stamps because of them they breed
like pigs do and the tax payers have to
pay for them. I came here legally in the
1956 and within 5 years I was a U.S. Citizen
and we had to let them know the minute we
moved to a different place and don't tell
me that they can't find them either. Because
they can the only thing that holds them back
is they are too lazy to get off their lazes
to do their jobs so they want to get paid
for doing nothing but sit on their
asses and a lot of these truckers also.
in the illegals to this state please to
drugs are delivered that way also to
state of L.C. I have also seen that the
Highway patrol is nowhere in sight
on the highways either if you are la-
rde unions for teachers & state workers
then you can find the people that do
do their ~~jobs~~ and start them out at

you know that flood that we just
 had was just the cause off people
 not doing there job of maintaining the
 structure up to pare if we did that in
 Holland then we would all be under
 water but we know what we are doing
 and we keep up what has to be repaired the
 money that is paid in takes goes to what
 it is collected for and not for somebody
 salary the government workers take cuts
 in pay to keep up with the structural
 dams & roads and not in some high level
 persons pocket book were it doesn't
 belong and if they steal there punished
 the old fashion way. and you can take
 these fools that are sitting in jail and
 to keep clean up this state it is a dis
 how it looks But know they get to sit
 there and watch T.V. & get 3 meals for
 nothing get them ~~out~~ out in the field to
 pick the crops make them work for
 there meals that is why we have so
 much crime. There is know discipline an
 more in the schools or anywhere ~~for~~ people
 dress like they are going to bed on the
 streets now a days. and the parents cant disce

for ~~the~~ trying to have then. Shall
respect & morals but there isn't any
of that around anymore. and if you
ain't married and you keep having hi
you wont get any welfare or post stamps
either I suggest that you start ~~money~~
These people have there tubs tied and cin
& pinned so that they cant keep having
kids out of wedlock and just to live off
the government. and that goes for the
people in the other country to if you
support them dont have them. Then they
wont suffer the way they do. I live
along time and I remember when gas was 5¢
a gallon and you cant tell me it cant be
that way now the only reason is that
the Big shots want the money and that is
all it is nothing else so we have to go
for the stupid and greedy people that
think only about themselves and I see
will never vote for you or any of
the other stupid repudians in this state
that goes for Lissy Graham & this
all so. The Republican Party in the
State stinks like Hell. And you bet
Pass a law that kids better have
n - - - - - n o o / /

or anybody getting their drivers license because most of them don't know the rules of the road around here they drive like a bunch of nuts behind the wheel in this state they are on the phone or texting and the cops don't do anything about it either and you all think that the state of S.C. is so great well the school system is 25 yrs behind the times you don't make the ~~the~~ kids change classes you make the teachers change classes that is the way it is in Europe & all the other countries that have any brains at all it is a lot less trouble for a teacher to change a class or then a bunch of idiot kids then there are no fights to break up either or any bullying going on but these political current idiots don't know that I guess.

I would like to see you pay all of your bills on \$1,100.00 a month for a year and see what the poor people have to do and that is also on \$16.00 of food for a month and see how hungry you get every day. You wouldn't be able to do it because you don't know what it is like to go hungry. Most of the seniors do that only get 55
