## South Carolina State Parks

at 0:16:10 on 12/03/2016 UTC · 🌐

We have great news! We have done an assessment of the Table Rock trail. It will be a couple more weeks before it will open, but the great news is we have confirmed the halfway shelter was not damaged by the recent fires. There is no damage at all. Here is a photo taken today.

**Jay Clingman** Wonderful. Looking forward to damage assessments.

**Jeff Linton** Thank you for letting us know. Good to hear good news after the sad loss of the nature center at Huntington Beach plus the damage at our other most favorite place, Hunting Island.

**Wes Cooler** Actually, the shelter was completely rebuilt about 25 - 30 years ago from the ground up. I don't think there is a single piece of the original reused other than the slab.
