Subject: Refugees in SC?

Governor,

I live in Greer, SC. Greer is partially in Spartanburg Co where refugee settlements are planned. This is a grave mistake on the part of the federal administration and your administration for allowing the fed to dictate who and what comes to our state.

As much as you seem to feel it OK to go against the wishes of the people, I fear that this will lead to more hate crimes as described by the government. The people do not want these settlements yet the government just keeps jamming things the people don't want down our throats.

I think it is time to listen to the people who will be affected. I think there will be serious repercussions for the people who live in the area on all sides.

I think it will become a dangerous time in SC.

The people are tired of what the government seems to think is in the best interest of everyone but the citizens of the US.

I stand with Senator Lee Bright and call for you to stop this invasion. The FBI cannot guarantee who these people are. You are the only person in SC that can stop these actions.

Paris was first, and the US is next. We cannot allow this to happen.

Thank you for listening, although I believe you will do what Washington tells you to do and not what the people want.
