That works - yes, I'll be driving in tomorrow. I'll probably have to take-off after I talk, since the budget's on the House floor this week, and we're swearing-in a new Lt Governor tomorrow. Thanks.

Christian,

We will have a projector ready to go. Since you will be the first speaker on Tuesday, we can set you up a bit before we start with a brief welcome at 8:30AM.

Also, we have given you an hour (including questions) for your presentation on the agenda. Following you will be a brief update from Jimmy Earley, followed by a facilitated discussion on IT priorities. It would be fantastic if your schedule allows you to stay for part of that as well.

I assume that you are planning to drive in on Tuesday morning?

Thanks again,

Khush

Sure - glad to be there. I'll just need a projector for a slidedeck, but I assume you'll have that anyway. How long do you want me to talk for?

Christian,

I hope you are doing well.

With this quick note I wanted to make sure I thanked you in advance for making the time to come present at our SCITDA Spring meeting in March. We think that listening to the Governor's and your vision for IT in the State, followed by a collaborative exercise that gathers the needs of its diverse stakeholder agencies will be extremely valuable for us all.

David and I are coordinating this session with Jimmy Earley and Doug Drenning, and if there is anything we can assist you with, please do not hesitate to ask.

Khush
