Marcia learned from the CG that we need 200 names in order to create a payroll deduction option for One SC. I'm comfortable with Marcia sending an email to all directors as she proposed below, but I would probably reword the first sentence of the second paragraph where it says "In order to assist in receiving donations to the fund, Governor Nikki Haley would like to establish One SC Fund as a charitable payroll deduction..."

Austin,
Below is a draft we would like to send to HR directors in state agencies to begin to gather the 200 names required for a payroll deduction. Would you like to communicate with the cabinet directors? Would you like me to send something to all agency directors?

A draft of the email is below:

In response to the recent unprecedented flooding event that occurred in our state, the Central Carolina

Community Foundation (CCCF), a 501(c)(3) non-profit organization serving South Carolina since 1984, has established a fundraising effort called One SC Fund. This fund was created in an effort to assist individuals who are recovering from the flood. The One SC Fund will support nonprofit organizations that are providing relief and recovery efforts in the 24 FEMA designated emergency counties. Monetary donations will be utilized to assist affected individuals clean and/or repair their homes from damages caused the flood.

In order to assist in receiving donations to the fund, Governor Nikki Haley would like to establish One SC Fund as a charitable payroll deduction for state employees. The names of a minimum of 200 interested employees must be provided in order to obtain authorization for the payroll deduction. I am asking your assistance in disseminating this information to employees within your agency and for you to please send a compiled list of the names and PERNS of those employees who wish to contribute to this charitable organization. Employees can also receive more information about the Fund from www.yourfoundation.org.

Thank you in advance for your attention and assistance.
