Subject: FW: Election Day Process
Attachments: Revised Election Day Process.pdf

Marcia,

I met with Field Admin and Peggy to review this. Let me know if you want to walk through this before we send it out.

Thanks.

Subject: Election Day Process
Importance: High

Attached is the revised Election Day process that I would like to forward to the State Election Commission and to the counties.

I will send the Motorvoter@scdmv.net email address as the primary mode of communication to SEC in a separate email. SEC is not to release this email address to the counties. All communications between the counties and DMV should be channeled through SEC for this Election Day information.

Please let me know if this revised process meets Field Administration's approval.
