RE: Your Legacy!

To The Selected Addressees:

Your legacy is as important to you as your current elected position or soon to be position. You want to go down in the annals of history as a good and positive force for our country. Yes the legislation that you pass and/or veto is important. However the way your constituents remember and record your actions is vital to your legacy. The populace that voted for you or will vote for you is your ally or foe, it's your call.

This populace has very simple needs and wants, and that is to be happy. This is simple. No major economic policies. No war. Just jobs. Yes jobs to buy a home, put food on the table, purchase a car. Just achieve and sustain the American Dream.

We have a major issue within the business sector of our country. This issue is the outsourcing of jobs to foreign and substandard entities under the auspices of the 'global economy'. This philosophy and practice of outsourcing American job is totally wrong on so many levels. Personal, socioeconomic, education, and productivity to name a few. Yes the 'global economy' does exist; however American business is exploiting it for their own greedy gains at the expense of other Americans. Legislation can and should be enacted to stop this process.

I have enclosed a copy of ***'It's Always about the Money'*** that I have written. Yes, you can and probably will disregard it. That is your loss. I know you are busy, but I feel this issue is far too important to ignore. If nothing else, please read Chapter 25, ***'Sell Your Soul to the Devil'***. This is my solution to the issue of outsourcing and a definite positive path for your legacy.

In researching the contact information for the addressees of this letter, my book has been validated by a prospected presidential candidate. Carly Fiorina has outsourced work for her election to India, yes India. Here is an excerpt from the National Report when Ms. Fiorina announced her political bid for the White House.

Former Hewlett-Packard CEO Carly Fiorina announced on Monday that she's running for President in 2016, but within a few short hours, her bid proved itself to be off to a shaky start, after several campaign staffers revealed Fiorina's decision to outsource "as much of the campaign as possible" to three companies in India.

According to staffers, the companies "American Voices LTD.," "Mumbai PhoneWorks," and "East-West Synergy International," all of which are based out of India, have been hired to handle most of the Fiorina campaign's logistical and "general office" work, including phone-banking and telemarketing, offering technical support for the campaign's donation page, and more.

This has made me very negative toward her and this is why:

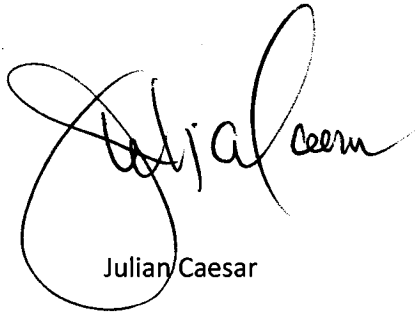

- Ms. Fiorina is running for President in the United States, not some Third World Nation.
 - a. Are there no qualified Americans to work on her election?
 - b. Are the Americans that stupid? Inferior? Or maybe in her defense, Americans already know the 'real' Carley. It begs the question.
 - c. Ms. Fiorina, you have validated another observation or mine in the world of corporate business. My observation is that slavery has been reestablished by the business world. Yes, a very pleasant thought.
 - d. Apparently Ms. Fiorina has bought the corporate line, even though it is so very wrong, that the people from India are 'better educated and better workers' than the Americans. Well, we as Americans know where we stand with her.
- I was in IT as a programmer/analysis for many years. Ms. Fiorina's actions tells me this:
 - a. That she has done this before; outsourcing jobs.
 - b. She is still outsourcing jobs.
 - c. She will continue to do it, outsourcing.
 - d. Logically if she gets elected, she conceivably will outsource other positions to her friends in the Middle East. I pledge allegiance to who? What? Apparently not to us.
- Ms. Fiorina legacy, as I see it, will rival Bill Cosby's. Not a pretty picture.
- Ms. Fiorina has very little respect to the American populace. Carly, wake up! These are your prospective voters that will get you to 1600 Pennsylvania Avenue. I guess we, all Americans, are expendable for her agenda.
- Is Ms. Fiorina 'pro American' or 'pro self'?
- In Ms. Fiorina's defense, it is her decision to throw the baby out with the bath water. It's her campaign to run. It's her call. She does it so well and professionally. OH well my fellow Americans, bend over and take your medicine.

Ms. Fiorina actions have made my decision regarding her election bid:

1. I will not endorse her.
2. I will not vote for her.
3. I will however, repeat my efforts to 'short circuit' her election run till she is a drop out and becomes a want to be.

In closing, I would like to thank the addressees for reading this letter. Also the possibility that you will read my book.

Thank You,
