**Subject:** Fwd: My foia lawsuit against HHI chamber

---

Scott please read in detail and pass on to Lindsey . As we discussed I want to meet to discuss this very serious situation we have here in SC . This is growing and intensifying with lawsuits and much more . My cell is 843-384-7260 . I have Cced one of the leading authorities on Chambers and CVBs John Buchanan who also is a journalist and investigative reporter who is working on the national story not just SC ,which has become our laboratory test so to speak .

Please note of interest for Lindsey to start the initial shock is our local non profit Hilton Head Chamber employee along with his appointed crony buddy board not elected have approved a 400k pay package salary maybe more for Bill miles , we will not know all until a Forensic audit is conducted . Please note every time a forensic audit has been conducted on a chamber or CVB like Palm Beach , New Orleans etc wrong doing , waste have been discovered with some going to prison. No performance ,Pay for life unchallenged , refuse transparency and sc foia and a lawsuit filed by me because of this abuse , waste ,violations , corruption etc . Charleston and Myrtle beach next on our list . We also want to look deep at all those who refuse transparency to begin David Tigges Chairman of Mcnair law firm , Tom Upshaw And Palmetto electric coop, Jane Upshaw chancellor of USCB , Paula Bethea head of sc lottery , all accountants and controllers , all executive board members involved . We will ask for investigations and forensic audits on many. I know Lindsey is perhaps friends with some I have singled out but for me if my own family member is doing something wrong they will be treated that way . I am not political .

Note the biggest non profit bandit in America Tom Donahue head of non profit US Chamber 4.7 million in 2010 jet and limo usage and God only knows what else he got not revealed on Irs Form 990's required to be filed by all non profits . IRS refuses to enforce the non profit tax codes and is allowing abuse to our tax system in the billions I have identified . I have Cced both IRS agents so Lindsey can confirm and perhaps force them to speak . More later Thx

Please confirm you received this email ? Thx

**Subject:** My foia lawsuit against HHI chamber

<http://www.wsav.com/story/27481482/news-3-special-report-breaking-down-scs-accommodations-tax>

Please call I have lots of info to share . My cell is 843-384-7260. I have filed a SC Foia lawsuit against the HHI Bluffton Chamber and also an IRS whistle blower case against them and many chambers and CVBs in the usa over 100 including HHI , Charleston and Myrtle Beach for violations to 501-c6 non profit tax status /codes and many not paying "UBIT" unrelated business income and much more . This is one of the largest IRS WB cases filed in Usa history . IRS refuses to enforce and deal with this case Why ? Our IRS agents in Washington have been Cced to answer to this ? This is huge and involves over 2000 cities in America !

Sc FOIA lawsuit against the HHI chamber for refusing transparency on how they use our tax dollars is a very important State issue to make those in our entire state who use tax dollars to abide by our current FOIA laws and full transparency . Bill miles head of the HHI chamber and his cronies David Tigges chairman of Mcnair law firm as well as past president of Palmetto Electric non profit coop Tom Upshaw , his wife Jane Upshaw Chancellor of USCB , Paula Betha head of SC lottery are all fighting this transparency and independent audit as well as many others . Why ???? So many questions and so many refusals to Answer.

I am also claiming corruption , abuse , violations , unfair trade , business and competitive practices, excessive salaries and expenses like Bill miles executive director of the HHI chamber 400k pay Package, buying a 1.7 million home with members and tax payers monies and more . All approved by a secret compensation committee headed by Paula Bethea ??? The entire past

and present executive board members of the HHI chamber need to answer many questions . We have the list of all who need to be questioned including local officials , town manager Steve Riley , Brian hulbert town lawyer , accountants for this chamber Ray deal , Ray Warco etc.

Please note not one time in the USA history has a Chamber or CVb had a forensic independent audit done without wrong doing being discovered and some cases several arrested and sent to prison . Palm Beach , New Orleans two examples . I , as well as my entire team made up of experts have all the things that need to be done in order to clean this all up in SC and I ask all of you to join me in doing this . The research is complete we just need compliance , law enforcement and forencic audits to confirm all. We have the way the independent audit needs to be conducted , 10 guidelines town governments must follow and organizations must agree to follow before receiving tax monies , questions to be asked to those we have identified that need to give answers . Without transparency , accountability and performance measures nothing works well. We have problems not just with all our Chambers and CVBs in SC , but our state agencies PRT , DNR as well . My team has identified all abuses by all these entities including all funds and how they are used in state , out of state and even out of our country which is simply extreme abuse to our SC tax paying companies and tax payers . I am convinced as we confirm all with Deep investigative audits will result in an arrest and conviction of some and will show extreme abuse and waste to our funds which we already have proven .

I have Cced my national consultant, investigative reporter and expert on travel , tourism , Chambers and CVBs to help me with my lawsuits and investigation here in SC and national press exposure . He will also respond and can send all links and info on other chamber and CVb violations around the country . I have also included Mick Fleming the Acce American Chamber of Commerce executives who blogged about me nationwide to all Chamber ex directors on warning them about being careful on not paying UBIT ? Also one of my IRS WB filings is the US Chamber president Tom Donahue a non profit lobbying group in Washington and like all others pays no taxes for schools , roads , military and is abusing our tax system and I call him one of the largest non profit bandits in America with a 2010 pay package of 4.7 million , jet and limo usage and what we doing know by IRS form 990's not showing all his expenses , travel , bonuses etc . It's almost like the IRS has made up a system to allow and encourage all this abuse . Our country is in a mess and this will help clean up a huge part of it by looking into the entire non profit system 591-c3 , c6 and c4. We can start with my discovery and go from here . Sc is our laboratory test and fitting for a state once described in the late 1800s as to small for republicans and to large to be an insane asylum . Thx
