

DNA Science Has Unraveled the Jewish Bloodline

"No one can take away from them their pride concerning their blood and their descent from Israel... All the prophets censored them for it, for it betrays an arrogant, carnal presumption devoid of spirit and faith." —Martin Luther

Now DNA science joins recent discoveries in history and archaeology to present the world with a correct and remarkable picture of the Jewish people. DNA confirms that today's "Jews" are not descendants of Abraham but are, in fact, of Turkic bloodline. *Now, everything changes! A groundbreaking tour de force by Texe Marrs!*

HILLARY CLINTON

... She ain't no lady.

An innocent young girl could have listened to Hillary's speech to the Democratic National Convention without fear of major embarrassment.

But in other settings, Hillary's language could make a sailor blush.

She has a well-documented history of having a garbage mouth and her obscenities have been directed at blacks and Jews, however much she may publicly denounce "racism and bigotry."

You "Jew b——," Hillary said to Paul Fray, a Jew, who was Bill Clinton's campaign manager when he ran unsuccessfully for the House in 1974. Fray reported Hillary's words and was supported by two eyewitnesses.

In 1992, when Bill was running for president, Hillary called a black campaign worker a "lazy n——" for showing up late for a meeting, according to campaign volunteer Marjorie Hamilton.

"That's all you people care about is money," Hillary said to Dick Morris, then a Clinton administration official. Morris, a Jew, disclosed the incident on a Fox news show on Nov. 4, 1999.

"I guess that will teach them to f—— with us," said Hillary, the Tuesday after her "vast right-wing conspiracy" interview on the Today Show, according to Jeffrey Toobin in his book, *A Vast Conspiracy*.

"Come back here, you a—h—! Where the f—— do you think you're going?" Hillary screamed at Bill Clinton regarding a news story on the president's sexual adventures, according to a Secret Service report published in Gary Aldrich's book, *Unlimited Access*.

President Clinton personally put the White House "spin" on his wife's vocabulary in denying charges of bigotry on July 17:

"[My wife has never, ever uttered an ethnic or racial slur against anybody, ever.]

Could that depend on what the definition of "is" is?

White House Press Secretary Joe Lockhart accidentally spoke the truth about the first couple at the same July 17 press conference:

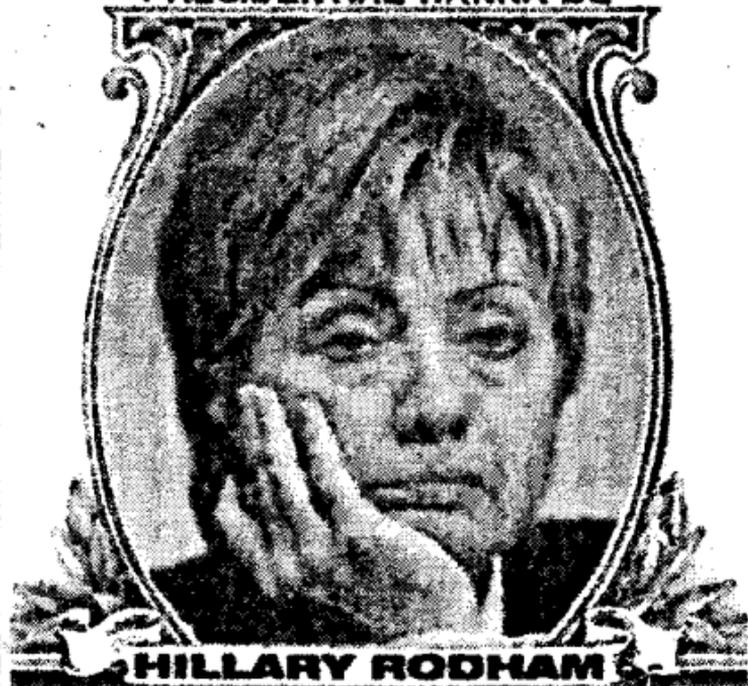

"Well, I think, obviously, the president has more experience than any living human being about how deep in the gut-ter some people can go."

The Clintons: The most unscrupulous pair in the White House in history!

Forewarned

If Hillary Clinton is elected president, the number of illegal aliens crossing the border in America will get even worse than it has been under Obama, she recently admitted. Speaking to a round table of illegal high schoolers in Las Vegas, she boasted that she will extend Obama's executive orders to encourage illegal immigra-

tion. Obama has already protected illegals brought to this country as minors, but Mrs. Clinton said she wants that amnesty extended to their parents as well. "But that's just the beginning," she assured the illegals. She said her plan would be to put the invaders on the track for full U.S. citizenship, not just legal status. The round table group included one student who said he or she was transgender and another who said she was a lesbian.

AMERICAN FREE PRESS

KEEP THEM OUT

Donald Trump was absolutely right when he said Muslims should be prevented from entering America. Franklin D. Roosevelt stopped all Germans, Japanese and Italians from disembarking when the United States entered World War II.

Some countries have seen the problem. Japan has always refused to allow Muslims permanent residence, nor can they run a business or own property there. Any tourist touting Islam will be immediately deported along with his family.

Cuba has rejected plans for a mosque. In Africa, Angola and other Nations officially ban Islam. Record numbers of Muslims are deported from Norway. Islam is banned in Xinjiang, China. The Czech Republic does not allow Islam into that country, seeing it as evil.

Dutch MPs are demanding removal of all mosques from The Netherlands. These countries are wise to the problem, unlike America's newspeople and politicians.

Benjamin Franklin said, "If you permit the Jews to settle in America, within 200 years they will own this country."

Now we can at least keep Muslims out. They *also* want to rule the world under Sharia law. Let us agree with Trump: Don't let them settle here.

BRAINLESS

On January 12 Fox's Andrea Tantaros asked, "Where are all our feminist groups who are supposed to protect women in this country?" This was pertaining to Obama's waving in 60,000 Syrian refugees. What does this have to do with women's rights? Well, Ms. Tantaros had first shunned the despicable Angela Merkel for her allowing 900,000 Syrian refugees and upwards of a million migrants in total from third world countries in 2015, an all-out disaster. Ms. Tantaros' instinct was to ask *where are the feminists?* Sad.

Malaysian leader: Jews rule world

Government attempts to clarify remarks

BY ALAN SIPRESS
Washington Post

KUALA LUMPUR, Malaysia — Malaysian Prime Minister Mahathir Mohamad told Islamic leaders Thursday that Jews control the world through their influence over major powers and must be resisted by Muslims.

But he said Muslims should mount this opposition by peaceful means rather than follow a failed policy of violence.

"The Europeans killed 6 million Jews out of 12 million, but today the Jews rule the world by proxy. They get others to fight and die for them." said Mahathir, an outspoken critic of Israel.

In opening the summit of the 57-nation Organization of the Islamic Conference, Mahathir said, "We are up against a people who think they survived 2,000 years of pogroms not by hitting back but by thinking. They invented socialism, communism, human rights and democracy so that persecuting them would appear to be wrong so that they can enjoy equal rights with others."

He continued, "With these they have now gained control of the most powerful countries and they, this tiny community, have become a world power."

The speech drew immediate criticism from the U.S. State Department, Israel and Jewish organizations, but a standing ovation from the kings, presidents, sheiks and emirs — including key U.S. allies — gathered in Malaysia's sparkling new capital, Putrajaya.
