Subject: Potential State Auditor Interview Questions

Attachments: Potential Interview Questions 2013.doc

Search Committee,

Based on the responses I have received from you, attached is a composite list of the interview questions you have selected and drafted for the interviews of the candidates for State Auditor. There are a total of 41 proposed questions with only a very few that appear to be duplicates. Usually during an hour or so interview for this type of position, only about 10 interview questions are needed. Could each of you review this list and identify for me the 10 questions that you consider most important and out of those 10 identify the 5 you consider the most critical? Perhaps that will help to narrow the list. Thanks.

Sam
