Will you be here all day? I've been out all morning on something work-related but will be back this afternoon. I'll need to come over and get your computer's name and then have the software pushed to your machine.

Chris,

Is it possible to get the better version of Adobe? I am trying to edit documents for a massive legal project, and I cannot delete pages from a PDF. I am spending tons of time rescanning. Would love the edit feature on adobe.
