Mr. Kester, we have a 17-year-old senior at Johnsonville High School who is a participant in the above referenced program through Furman U. He has chosen to focus on seniors as his project and has asked for my help. I have asked the Lt. Governor, Yancey McGill, if it would be possible for us to meet with the two of you to discuss the Office on Aging, its goals and any other help you might be able to give this young man. He and I would be available to meet with you and Yancey at any time or place that would be convenient with you two.

Yours truly, Mildred Browder-Hughes 843-386-2252
