Email from Mark Smith-

Mayor Linda Page, Mayor John Tecklenburg, President David Cole, Lt Gov Office on Aging, Steve Morris, and Trident AAA, Stephanie Blunt,

I hope all of you had a wonderful weekend. I am emailing each of you to ask for your support and personal participation in a very important Senior Expo event coming up on March 23rd, from 9am until 1pm at the Omar Shrine Convention Center at Patriot's Point in Mt Pleasant for our senior community and their caregivers.

A huge shout out of thanks to MUSC Center on Aging for taking the lead role on this event. David, you have a real winner in your Center's Interim Director, Heather Boger, PhD, btw.

Here's my ask:

Would each of you be available for a very brief "Hello, welcome and thank you for being here" and any very brief (2 mins or less) comments in support of the Center, the event, and your recognition and appreciation of our aging community and their many needs and issues?. It will be very easy and appropriate to have your comments anytime during the 9am - 1pm timeline, based on your availability. What say you? You in? Based on your responses, we could select a time that works best for all or most.

I have attached the event flyer and an informational brochure on the Center. Thank you very much for all you do, your time and careful consideration of this ask.
