Dear President Elect Trump,

I've been a supporter of yours since you announced that you were running for president of the United States. I believe you can make America great again and I'm proud that you're going to be our next president.

I've seen a lot of news coverage about A-list performers declining their invitation to perform at your inauguration. I'm not an A-list performer but I would be honored for my band to perform.

I'm a professional musician, performing for a living. I've been performing for thirty years. In 2014, I performed for the troops in Guantanamo Bay, Cuba and have played the Air Force NCO club circuit also. I am a huge supporter of our military and I start EVERY show with the Star Spangled Banner.

I have enclosed a shirt, hat and CD. You can check out my music and videos at [joeybanksrocks.com](http://joeybanksrocks.com). I can also be reached at 864-361-6889 #rockamericagreatagain!

Sincerely,

Joey Banks
