Welcome to the world of bitcoin. If you have any questions, feel free to [contact us <mailto:support@xapo.com>](mailto:support@xapo.com).

Regards,
Xapo Team

What are bits?

Bits are the small parts that make up a bitcoin, and bitcoin is a globally accepted digital currency with no minimums and no limits.

Bitcoin doesn't require a bank account, it's created and held electronically and it can be used to buy goods and services or transfer money anywhere in the world.
