

Dear Governor Haley,

I am expressing an idea I have had for a long time about Major League Baseball and the future of South Carolina. Our state has grown so much in becoming a manufacturing and tourist hub and my proposal would put us over the top! Charlotte is on the list for the next MLB expansion, whether they will get a franchise is questionable because of MLB's plans and the cost of a stadium in Charlotte. However, if you were to get in touch with Allan H. Selig (Commissioner of MLB) and expressed interest in future expansion, a stadium in Rock Hill would be a win/win for SC & NC. Just like 3 New York City teams use New Jersey for tax purposes, a stadium in Rock Hill would be a safe haven for MLB. This would certainly generate huge revenue's as well as many jobs in SC. What a legacy you would have if you brought MLB to South Carolina! Please, give it a try!

Deepest respect,

Larry Sherburne
