Hey SC Team,

Attached is today's updated itinerary incorporating a few things, mostly for Montreal. I will include the Consulate and Embassy folks in later versions when information has changed more, but I wanted you all to have the latest.

Frank Carrico, the Principal Commercial Office at the Consulate in Toronto is working to get some good target company reps, mostly those with investment interest in the Southeast, to come to the luncheon. He asked me the following and I wanted your thoughts on ideas of these types of projects in SC. If you can offer some ideas let me know.

**"Clarke, does South Carolina have any large infrastructure projects that need financing, outside of roads - harbor operations or terminals, transportation hubs, airport concessions, waterways?  
Has South Carolina engaged in any P3 (public private partnerships)? Do you have a state pension fund that engages in infrastructure?"**

We got a great deal accomplished this week with a lot of hard teamwork, and for that I am most appreciative! Thank you! Everybody have a great weekend!

Clarke
