Happy Nurses Week from BAYADA Home Health Care!

Dear Lt. Governor Bryant,

As we approach Nurses Week, BAYADA Home Health Care would like to thank you for your ongoing support of the home health care nurses who enable many of your constituents to be cared for in the comfort and safety of their own homes.

BAYADA is excited to honor all our nurses, including the 399 we employ in South Carolina, during Nurses Week, May 6 through 12. These compassionate, skilled professionals are on the front lines every day, making sure that residents receive the high-quality home health care services necessary to keep them out of the hospital and with their families in the more cost-effective and patient-preferred setting.

During Nurses Week, BAYADA is rolling out a national campaign under the theme Share. Care. Dare to express our heartfelt gratitude to our company's and our community's nurses. We're committed to attracting and retaining the best clinicians who love what they do. Our Nurses Week activities exemplify how BAYADA does our part to help combat the nursing shortage and to ensure that these special folks in our communities feel honored and appreciated for their career and calling.

For more information about our comprehensive Nurses Week plans, please reference [our flyer](#).

I hope that we at BAYADA can continue to be a resource to you and your staff regarding in-home nursing care in South Carolina. If you'd like to learn more about Nurses Week, or should you have questions or require information about BAYADA or home care in general, please email me or call me at 803-327-8900.

Thank you again for your ongoing support,

Melissa Allman
