March 9, 2015

The Honorable Nikki Haley  
Governor  
State of South Carolina  
1205 Pendleton Street  
Columbia, SC 29201

Dear Governor Haley,

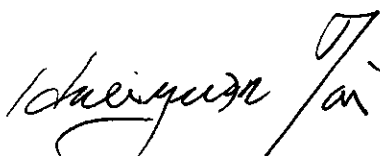

My colleague Peter Chiou and I were honored to be invited to your inauguration and very pleased that we had a chance to meet and speak briefly with you. Your re-election shows how strongly the people of South Carolina value your leadership.

It was a pleasure to have lunch with Secretary of Commerce Robert Hitt III and his associates. The great state of South Carolina and Taiwan have a longstanding, vibrant trade and cultural relationship that I feel certain will only improve with time.

One Taiwanese business, Nan Ya Plastics, has had a plant in Lake City, SC for the past 25 years, creating a thousand jobs and boosting the local economy. Perhaps sometime in the near future, at your convenience, plant manager Charlie Tsai of the Lake City plant and I could meet with you to discuss further ways to promote investment and business opportunities between South Carolina and Taiwan.

Thank you again for your kind recent hospitality.

Best regards,

  
Huei-Yuan (Steven) Tai  
Director General

*Your favorable consideration  
would be greatly appreciated.
