Governor – Recall that the DV Task Force helped Court Administration consolidate the Order of Protection form that victims must complete from FIVE pages down to ONE page. Below is feedback from a victim's advocacy group on this change:

I just wanted to let you know how beneficial the new short form financial statement for Order of Protection petitions has been for all of us in court advocacy. Since the implementation of this streamlined form, it has saved all of us much needed time. It has also benefited clients who are already traumatized and reeling with so much information given to them by law enforcement, LEVAs and court personnel, the short form requires minimum effort for them to comprehend and complete. It has definitely made a difference.
