Marilyn – Great to finally touch base yesterday, although I'm sorry for the day that you and you co-workers had at the hearing.

As promised, attached is the letter we sent to the legislators back in November. I welcome you and your teams input into a revised edition that we can send to the Senators we discussed yesterday.

We stand in support of DSS and the great work you are doing o behalf of our State's children. Please let me know what else we can do to assist during this time.

Thanks,

Carter
