Marcia,

The federal court granted the Plaintiffs' motion to amend the Summers Complaint.

The IRF will be retaining Nelson Mullins to defend the case.

I must have missed an email. When was the motion granted?

Now that the complaint has been amended, I would like to send the case to IRF and request that the agency cover. IRF had earlier indicated that it would probably cover. I will ask that you remain as counsel.

Do you have any objection to my sending the case to IRF?
