We were recently informed by DMH of this pro se suit naming a multitude of judges, agencies and officers including the Governor. It was dismissed by the District Court without service, but the Plaintiff has appealed. (Copies of Complaint, District Court Order and Petition for Permission to Appeal attached).

The Fourth Circuit has issued an informal briefing order but a brief is not required and no one has been served. I will monitor the appeal and inform you of any significant developments.

If you have other questions, please let me know.
