Home of the Airborne and Special Operation Forces

Fort Bragg is home to the XVIII Airborne Corps, the 82nd Airborne Division, and the US Special Operations Command. The installation is located west of the City of Fayetteville, NC.

BRAC 2005 actions at Fort Bragg include the realignment of Pope Air Force Base resulting in the transfer of real property and services to the Army and the renaming of the base to Pope Field.

The installation also experienced population growth resulting from the Grow the Army Initiative and Army Modularity. These defense related actions, coupled with BRAC 2005, have resulted in a net gain of approximately 7,500 additional military and civilians jobs to the region.
