ABOUT THE PROGRAM

Many South Carolinians rely on Medicaid for their health care and long-term care needs. Special needs trusts are an important planning mechanism to help these individuals preserve their eligibility for Medicaid benefits. In this seminar, you'll hear speakers discuss a variety of topics related to special needs trusts. The presentations will cover planning, drafting tips and ethical considerations. The seminar will also address trust administration issues from a corporate trustee's standpoint as well as Medicaid's perspective on special needs trusts. Whether you are new to this area or have years of experience under your belt, you don't want to miss this program on special needs trusts!
