

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 1998

NOTE 12. PENSION PLANS (Continued):

At retirement, employees participating in the SCRS or PORS may receive additional service credit for up to 90 days for accumulated unused sick leave.

NOTE 13. RISK MANAGEMENT:

The Commission is exposed to various risks of loss and maintains State or commercial insurance coverage for each of those risks except for automobile collision and losses on building contents including equipment. Management believes such coverage is sufficient to preclude any significant uninsured losses for the covered risks. There were no significant reductions in insurance coverage from coverage that was in force in the prior year. Settled claims have not exceeded any of its coverages in any of the prior three years. The Commission did not pay any material amounts for uninsured claims in 1998 and there is no ending claims liability for uninsured losses as of June 30, 1998. The Commission pays insurance premiums to certain other State agencies and commercial insurers to cover risks that may occur in normal operations. The insurers promise to pay to or on behalf of the insured for covered economic losses sustained during the policy period in accord with insurance policy and benefit program limits except for deductibles.

State management believes it is more economical to manage certain risks internally and to set aside assets for claim settlement. Several State funds accumulate assets and the State itself assumes substantially all risks for the following:

1. Claims of State employees for unemployment compensation benefits (Employment Security Commission);
2. Claims of covered employees for workers' compensation benefits for job-related illnesses or injuries (State Accident Fund);
3. Claims of covered public employees for health and dental insurance benefits (Office of Insurance Services); and,
4. Claims of covered public employees for long-term disability and group-life insurance benefits (Office of Insurance Services).

Employees elect health coverage through either a health maintenance organization or through the State's self-insured plan. All of the other coverages listed above are through the applicable State self-insured plan except dependent and optional life premiums are remitted to commercial carriers.

The Commission and other entities pay premiums to the State's Insurance Reserve Fund (IRF) which issues policies, accumulates assets to cover the risks of loss, and pays claims incurred for covered losses related to the following assets, activities, and/or events:

1. Theft of, damage to, or destruction of assets;
2. Real property;
3. Motor vehicles liability; and,
4. Torts.

The IRF is a self-insurer and purchases reinsurance to obtain certain services and specialized coverage and to limit losses in the areas of certain property and equipment and auto liability. The ISF's rates are determined actuarially.

State agencies and other entities are the primary participants in the State's Health and Disability Insurance Fund and in IRF.
