

**June 13, 2016**

**To: Councilman Johnny Morant  
Representative Carl Anderson  
Senator Ronnie Sabb  
Former Senator Yancey McGill**

**From: Plantersville Community/ Rev. Ben Grate  
Ref.: Illegal Taxation and Zoning**

**Plantersville Community will rally (protest) on July 15, 2016 at the State Capitol against the shackles of illegal taxation (\$250.00 per year @ 20 years) imposed on us by Georgetown County Water & Sewer.**

**County Councilman Johnny Morant and State Representative Carl Anderson is orchestrating this crisis on behalf of GCWS and developers who seek our land (Plantersville) that borders along the Black Rivers for some personal gain.**

**This crisis affect over one million people in America that are descendants (heirs) of Plantersville Community. Councilman Morant stated in the sun News – May 2014 that seven (7) million dollars (grant) was sent back because Plantersville Community took to much time deciding to receive it to pay for the illegal tax imposed on us by GCWS. There was no official documents as to what happen to the 7 million dollars.**

**Councilman Morant informed the community in March 2016 that he was seeking some grant money to assist only the senior citizens with their taxation. Fear and terror siege Plantersville when GCWS conspired with the County Treasurer Office through illegal litigation that bind sewer assessment to the county property taxes. This racist and oppressive proposition has created psychological terror on Plantersville Community and devastating our senior citizens with mental depression. Plantersville Community wants its taxes paid back along with its integrity and way of life (Gullah Geeche).**

**Cc:  
Govenor Nikki Haley  
Senator Tom Scott  
Congressman Lindsey Graham  
Congressman Tom Rice
