Dear Governor Haley,

I am writing this letter hoping that you can be of some assistance.

I came to America .in 1954 I met and married my husband who served in the Korean war, we had two children and many grandchildren. My son served in the army, my grandson did

a tour in Iraq. We are all law abiding citizens I have never even received a parking ticket.

Since 911 I have not been able to renew my driving licenses in Anderson County where I

live and pay taxes. I am legally in this country. I am a British Citizen I love the country I

grew up in and my Father fought for,

I also love the country I chose America. Driving approx. 40 miles round trip to renew my license

is a burden. Now that illegal Aliens can get a license anywhere they land seems a bit unfair

to the legal aliens like myself. Though I cannot vote I am a staunch republican and urge my family to vote the ticket.

Hope you can give this request some consideration. Thank you.

Sincerely, Catherine Murphy  
1712 Northlake Dr.

Anderson SC. 29625
