**Subject:** RE: Revised Work Request for Folders

---

I didn't recall that, John. She simply would like to recycle the folders she used last year. Applications should be stapled and stored in a box (shouldn't require much space without the folders). If you need a formal work request, just let me know.

You had mentioned that Pam was going to do a revised work request for the folders in the file cabinet. I haven't seen anything yet.
