Dear Governor Haley,

I am in fifth grade at Prestwood Elementary school in Sonoma, California. We are writing state reports. I am lucky enough to have the palmetto state. I hope to visit this summer.

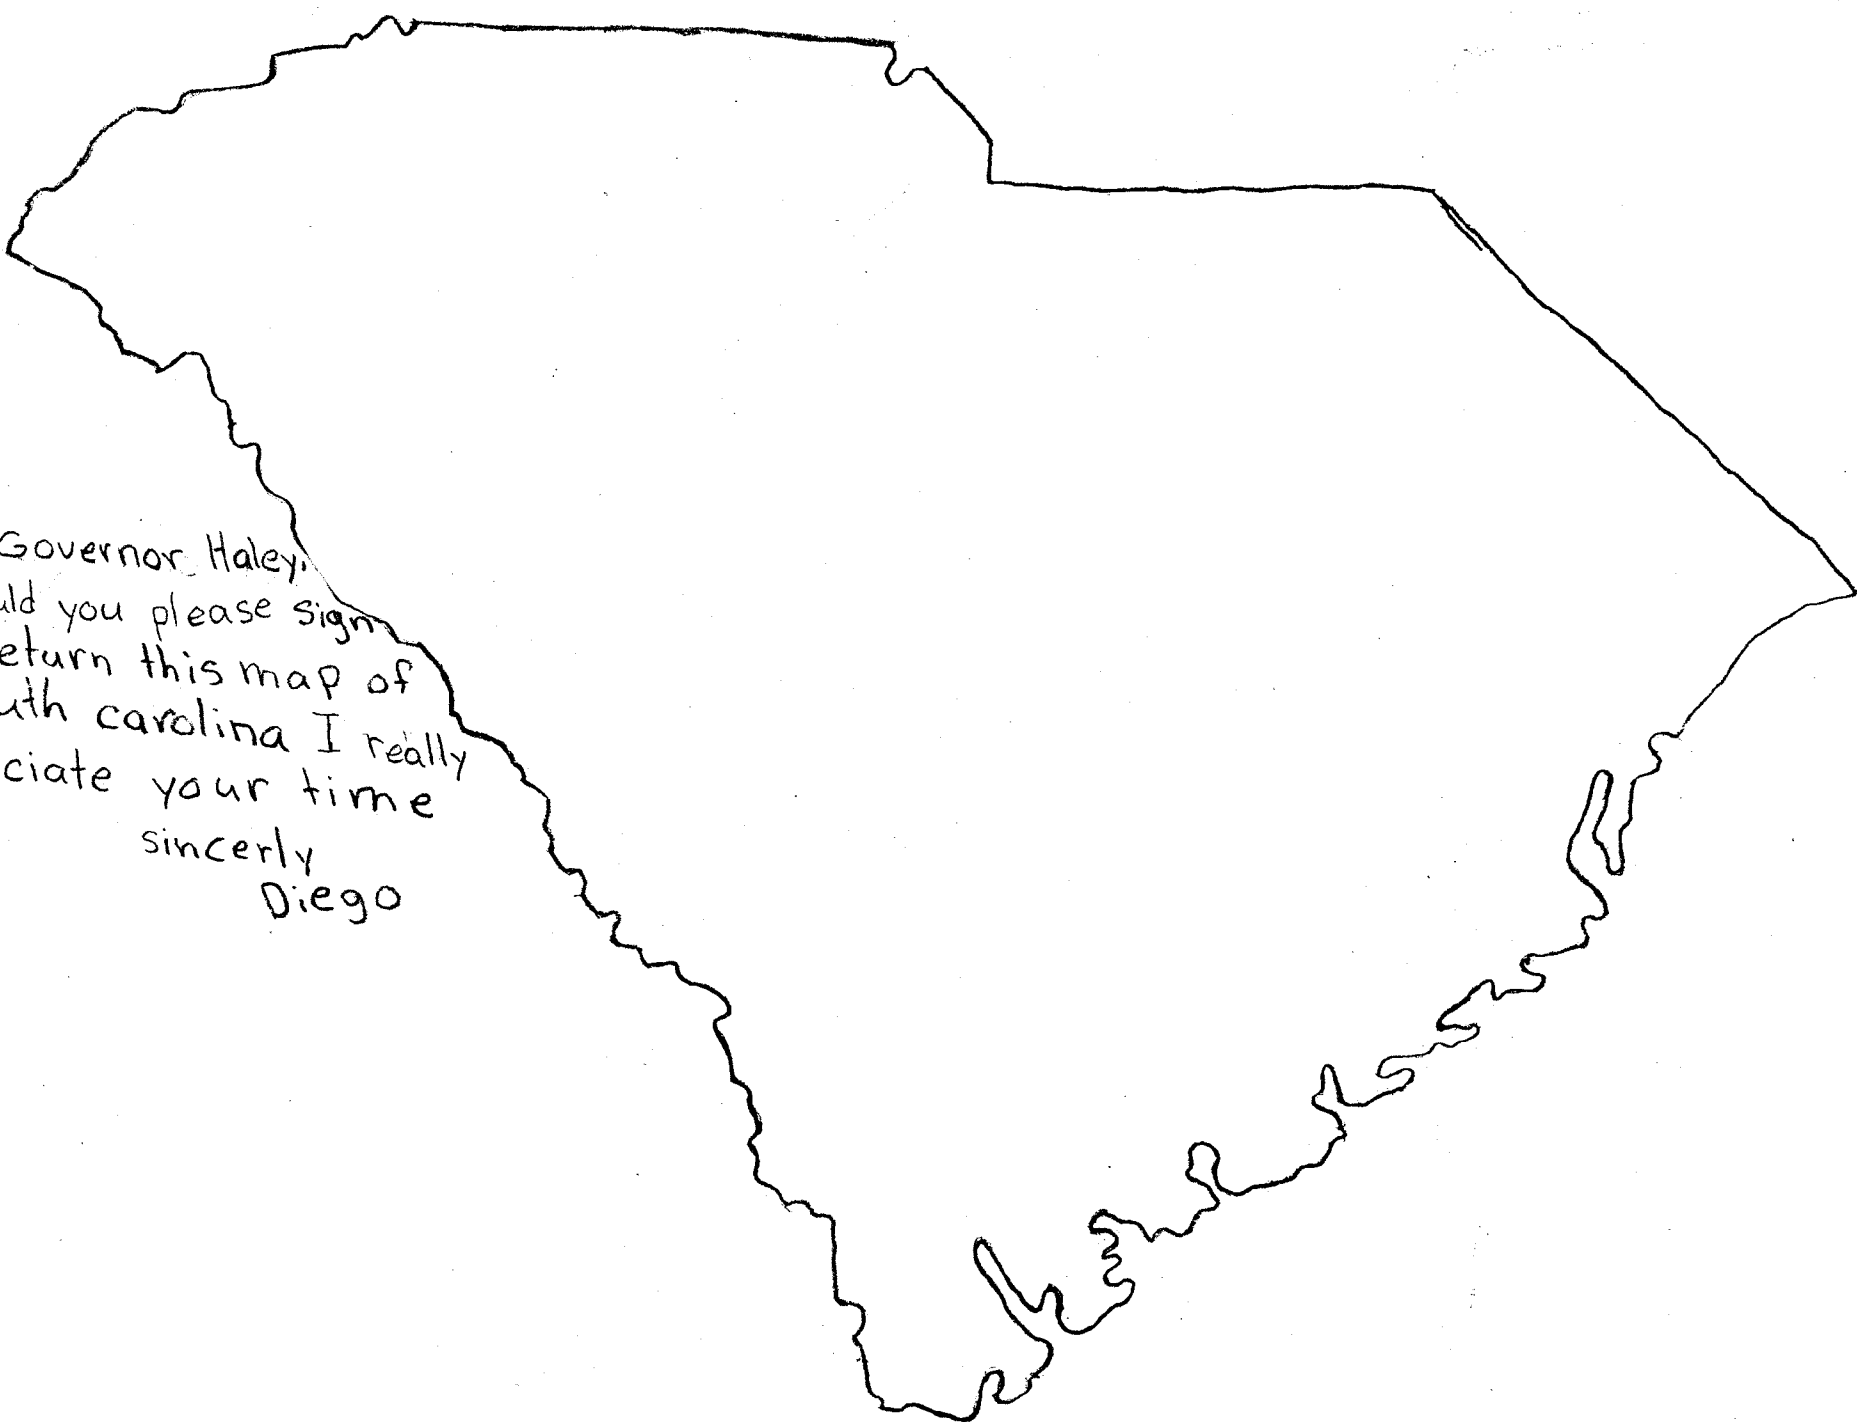

I am hoping that you would send some information on South Carolina for my report and some reasons to go to South Carolina.

I am also wondering why only  $\frac{1}{3}$  of South Carolina is forest. Thank you for your time and I hope you answer my questions.

Sincerely

~~Diego M.~~

Dear Governor Haley,  
would you please sign  
and return this map of  
South Carolina I really  
appreciate your time  
sincerely
