**Clay Molden** My Dear Greenwood Family. We have been here for 18 years. Both my wife and I have seen thousands of patients over they years. We care deeply about all of you. This is an emergency that we have not seen in our lifetime. PLEASE: Unless you have life or health emergency, do not leave home and its surroundings, so you do not get in close contact with other people. Do it for those who have to work. For all first responders, ER and Hospital staff, those who provide you with food and emergency services. Do it for yourself and your love ones. Your action will make a difference. Thank you.

**Sharlene Woodley** Please keep our state parks open for as long as its possible. People are more likely to get physically and mentally sick from staying indoors for long periods. Do the research on this, folks! Let's encourage people who are healthy to stay that way.
