Melissa,

I know you have a meeting, so this one can be done later. I have order 28 attached. On the last page, last paragraph I put 56-5-70 and it should have been 56-7-70. I mistyped. Can we switch the page out and have a new last page for scrivener's error?

Also, if you will be back at the office today, let me know and I will run that other page by. I have it printed on my desk to take you. I will be at the SEOV till noon, but then I should be at the Statehouse.

Thank you again for all your help!!!
