**Subject:** Obamacare (ACA) ~ Website email from Frances Williams

---

Lt. Governor Bryant, To all of my representatives, both state and federal: I am opposed to socialism, Communism, Leftism, Sharia Law, and any other form of government that in any way rejects what the original signers of our US Constitution meant in the founding of our country. Of course that means I am opposed to Obamacare. It also means that I am opposed to federal or state monies going to Planned Parenthood. I also want to see the federal government stop making laws and allow the local and state governments to administer most of the laws. Thank you for listening to one of your constituents, Mrs. Frances Williams Frances Williams
