We had a great time at Hampton Plantation for the Great American Eclipse yesterday! Not only was the plantation a great place to watch the eclipse but the staff and park rangers were some of the friendliest and most helpful people! Thank you so much for the hospitality, safety, and a well organized event! Way to go SC State Parks!

Neil Stewart Not sure if you need anymore pictures from the eclipse day, but here is one during totality taken at the park of my daughter and her friend.
