in matters in litigation where SNYDER is required by Court Order, subpoena, or other legal means to appear as witness for deposition or trial.

3. SNYDER further agrees to release the COMMISSION, including its past and present members, and the Department, including its past and present officers and employees, from any and all liability, if any, resulting from SNYDER'S employment with the Department and SNYDER'S voluntary retirement from employment with the Department.

4. SNYDER agrees not to seek future salaried employment with the Department, it being understood by all parties that it is not the intention of this provision to prevent SNYDER and any future employer of SNYDER from being utilized in the future as an independent engineering consultant or contractor for the Department or any other agency of State government.

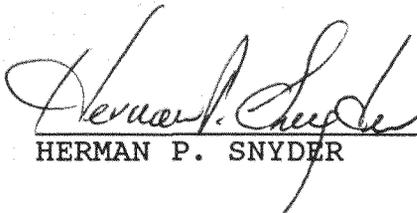

5. Department agrees to pay the South Carolina State Retirement System the sum of Seventy Thousand (\$70,000.) Dollars to be considered by the parties as mandatory tax deferred contribution to the retirement account of HERMAN P. SNYDER.

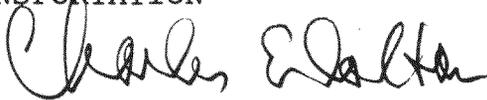

6. This Agreement is contractual and not merely recital. The aforesaid Agreement is entered into freely and voluntarily by both parties, in hopes of amicably resolving a strained employment situation generated by events of the past year, with this Agreement intending to enable the parties to

proceed with private lives on the one hand, and statutory responsibilities on the other hand.

Dated this 7th day of August, 1990.

STATEMENT
SOUTH CAROLINA HIGHWAY COMMISSION
AUGUST 7, 1990

The South Carolina Department of Highways and Public Transportation Commission expressed appreciation for the 34 years of faithful and dedicated service of Colonel J. H. "Red" Lanier to the Highway Patrol. In accepting Colonel Lanier's resignation to its Executive Director, the Commission acknowledged that as stated by Colonel Lanier it was because of his respect for the Patrol as a strong and important institution of South Carolina Government and his desire to avoid controversy and any loss of public confidence in the Patrol.

The Commission supported the appointment of 24 year veteran Major Ron Alford as Acting Commander of the Patrol. It stands behind Major Alford as interim commander.

The Commission expressed disappointment that it was not informed until July 24 of the incident involving the FBI special agent which occurred in March, despite the fact that other authorities were aware of it. The Commission confirmed that the proper agency for the enforcement of the statutes dealing with the operation of motor vehicles and the investigation of accidents upon the highways is the Department of Highways and Public Transportation through the Patrol.

The Commission expressed confidence in and appreciation for the officers and troopers of the Patrol and the selfless service they render.

The Executive Director reported that no report has been received from the U. S. Attorneys office or the Federal Grand Jury with regard to their investigation of the action of certain

road construction firms with which investigation the Department is fully cooperating.

The Commission will meet immediately upon any new developments affecting the Department and its responsibilities for the highway system of South Carolina.

The Commission will take positive steps to restore unity and morale and stand behind the employees of the Department of Highways and Public Transportation. The Commission will evaluate Division Heads throughout the Department to restore confidence in the Highway Department with the public.

SECTION 29: The Commission unanimously passed a motion rescinding Section 6 of the May 17, 1990 Minutes which authorized the Department to enter into a supplemental agreement with Kimley-Horn and Associates, Inc. to provide services relative to the acquisition of necessary right of way for the proposed Hilton Head Cross Island Parkway.

SECTION 30: On motion of Commissioner Harvey, seconded by Commissioner Crow, the Commission unanimously passed a motion directing the staff to investigate the feasibility of contracting right of way acquisition services in comparison to in-house costs versus contractual costs.

SECTION 31: On motion of Commissioner Mack, seconded by Commissioner Fleming, the Commission unanimously passed a motion adopting the manual of Personnel Rules, Regulations and Policies of the Department, as shown in the Appendix.

SECTION 32: On motion of Commissioner Harvey, seconded by Commissioner Mack, the Commission unanimously passed a motion authorizing the Commission Chairman and Executive Director to send out letters to other agencies urging support for South Carolinians for Better Transportation.

SECTION 33: On motion of Commissioner Harden, seconded by Commissioner Self, the Commission unanimously passed a motion to instruct the Executive Director to, within ten days, advise each Department employee that this Commission urges cooperation with the Legislative Committee to comply with its request and that such action is in the best interest of the Department.

SECTION 34: On motion of Commissioner Chapman, seconded by Commissioner Harden the Commission unanimously passed a motion authorizing the Chairman to appoint a subcommittee of Commissioners to meet with the Legislative committee investigating the Department and pledge cooperation.

SECTION 35: There being no further business to come before the Commission, the meeting was adjourned at 11:18 a.m.

 Charleston County - Alex L. Heath,
 Douglas M. Heath & Mary B. Heath \$ 5 243 35

The above is payment for final and complete settlement out of Court of the right of way Condemnation Case. The Department considered it best to pay the award so this road could be constructed.

This report is being made in compliance with Section 9 of the minutes of December 19, 1957.

Recommendations - 08/16/90

Agreement with North Carolina Department of Transportation to
Provide Improvements to U.S. Route 521 in Lancaster County

The Department requests Commission approval to enter into an agreement with the North Carolina Department of Transportation for the design and construction of certain improvements on U. S. Route 521 at the North Carolina State Line.

The Project is approximately 0.2 mile long and will provide for the extension of N. C. Department's Project R-2242. The scope of work will provide for the design and construction of additional lanes on Route 521 so as to make the existing multilane roadway in South Carolina compatible with the proposed improvements in North Carolina.

Funding for this project will be Federal Aid Primary and is anticipated to cost approximately \$105,000.00.

Recommendations - 08/16/90

CONTRACT FOR ENGINEERING SERVICES

Pursuant to the Commission's authorization of April 20, 1989 for approval of a contract with Pavement Management Systems, Inc. for a network level pavement management system, the Department requests the extension of the maximum amount to \$1,025,000. Phase I has been completed and Phase II will require additional funds due to the addition of a Road Profiler, computer hardware and software in the contract. Work is proposed to be funded with Federal HPR/PR funds.

Recommendations - 08/16/90

Western Corridor Near S. C. Route 183
Greenville County

The Highway Commission at the November 16, 1989 meeting approved the Department's entering into an Agreement with the City of Greenville to allow the City to retain a Consultant for the preparation of plans for the Western Corridor. The Department through negotiations with the City and the City's Consultant has estimated the costs of Phase I services to be approximately \$450,000.00 using Federal Aid Primary Funds.

It is hereby requested the original approval be revised to an amount of \$450,000.00

Recommendations - 08/16/90

CONTRACT FOR ENGINEERING SERVICES
UNDERWATER BRIDGE INSPECTION

Pursuant to the Commission's previous action of April 19, 1990 authorizing the Department to seek consultant services to perform underwater bridge inspections in various counties in Districts 1, 2, 3, 4, and 5, the Department has entered into an agreement with Russell-Veteto Engineering, Inc. in the amount of \$159,689.19. Work is to be funded under the Federal Aid Bridge Replacement Program.

AMENDMENT OF THE FY '89-'90 PUBLIC TRANSPORTATION PROGRAM OF PROJECTS

RE: Financial Management/Accountability and Data Processing Technical
Assistance for Public Transit Providers

At the Commission's June 15, 1989 meeting, authorization was given for the above-referenced project (Item Nos.: PT-126 and PT-128). Consultant services were solicited through the State's Procurement System (MMO). No bids were received primarily due to the limited funds allocated for the project (\$56,202) given the scope of work desired and restrictions for the involvement of a qualified certified public accountant firm, as advised by General Services. The project would provide technical assistance to public transit providers in the areas of financial management, financial accountability and data processing through a qualified firm serving as circuit rider to various South Carolina's transit systems.

It is, therefore, requested that the Department be given authorization to expend an additional \$28,798 in State Highway Funds from the Public Transportation Division's approved FY '90-'91 budget. This action would bring the total project cost to \$85,000 and a re-bid of the project would be issued with appropriate revisions to the request for proposals.

AMENDMENT TO THE PUBLIC TRANSPORTATION FY '90-'91 PROGRAM OF PROJECTS

RE: Fairfield County Transit System and Williamsburg County Transit System

At the Commission's June 21, 1990 meeting, the Department's FY '90-'91 Public Transportation Program of Projects was approved. Included in the authorization were 100% UMTA Section 8 funds for planning projects for the Fairfield County Transit System (Item No.: PT-212) and Williamsburg County Transit System (Item No.: 213). Since the Commission's action, the Urban Mass Transportation Administration's Regional Office has apprised the Department that due to numerous requests nationally to fund Minority Business Enterprise (MBE) planning set-aside projects, the funding percentage has changed to 80/20. A 20% non-federal match must be applied to receive the federal funds.

It is, therefore, recommended that the Commission approve the following State General Fund allocation (\$3,860) for the Fairfield County Transit System and Williamsburg County Transit System to receive federal funds requested: (Each transit system will commit \$482.50 in cash to match the federal funds).

| Item No. | Grantee | Amended Total Project Cost | Amended Project Cost | | |
|----------|---------------------------------|----------------------------|-----------------------------|----------|-------------|
| | | | Amended DHP/T Federal Share | State | Local Share |
| PT-212 | Fairfield County Transit System | \$ 12,062.50 | \$ 9,650 | \$ 1,930 | \$482.50 |
| PT-213 | Williamsburg County Transit | \$ 12,062.50 | \$ 9,650 | \$ 1,930 | \$482.50 |
| Total: | | \$ 24,125.00 | \$19,300 | \$ 3,860 | \$965.00 |

Funds are in the Department's Public Transportation Division's approved FY '90-'91 budget to allocate \$3,860 (in State General Funds) to the above projects. In both instances, funds would be used for minority business enterprise planning to conduct an MBE procurement disparity study.

SALE OF SURPLUS RIGHT OF WAY PROPERTY - LAND

During acquisition of right of way for construction of U.S. Route 703, in Charleston County, under File 10.254, the Department acquired right of way from Younge Simmons and Virginia R. Simmons by Condemnation dated September 17, 1941.

At the request of the adjoining owner an investigation was made and it was determined that a portion of this property was no longer needed and could be declared surplus. Therefore, in exchange for title to the underlying fee of a 60-foot triangular area, located in the northeast quadrant of the intersection of U.S. Route 703 and Road S-51, a gratis quitclaim deed conveying 0.07 acre of land to Harbor Towne Associates, A Partnership was executed on June 11, 1990.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.

SALE OF SURPLUS RIGHT OF WAY PROPERTY - LAND

Under File 37.357, during acquisition of right of way for construction of improvements to U.S. Route 76/123, in Oconee County, the Department acquired right of way on Tract 20 from L. P. Hunter by Condemnation dated December 29, 1955.

At the request of an adjoining owner an investigation was made and it was determined that a portion of the right of way at this location was no longer needed and could be declared surplus. Therefore, a quitclaim deed conveying approximately 752 SF of land to N. Gruber Sires, Jr. was executed on July 20, 1990, for consideration of \$564.00.

This matter is reported to the Commission in accordance with the requirements of Code Section 57-5-340.

EXTENSION OF BITUMINOUS RETREATMENT CONTRACTS
TO INCLUDE ADDITIONAL RESURFACING WORK

It is recommended that the Commission approve the action of the Department in extending existing bituminous retreatment contracts to include additional resurfacing work, as follows:

Dorchester County

Contract of Banks Construction Company, Inc. - File No. 18.1081 - extended to include resurfacing (File No. 18.1081) of Road S-165 for approximately 715 feet adjacent to US Route 17-A in Summerville, and SC 642 at the intersection to Walnut Farms Subdivision southwest of Summerville.

Estimated Cost of Extension \$ 17,436.09

Greenwood County

Contract of Satterfield Construction Co., Inc. - File No. 24.10117 - extended to include resurfacing (File No. 24.10117) of Road S-149, 1.25 miles from Road S-58 to Road S-163 and Road S-347, 0.20 miles from Road S-136 to end.

Estimated Cost of Extension \$ 28,742.16

These extensions were authorized by the Department prior to formal approval by the Commission since the adjacent work had reached such a stage of completion that the contractors involved could not accept the additional work unless it were authorized without delay.

Recommendations 08/16/90

EXTENSION OF CONSTRUCTION CONTRACTS

It is recommended that the Commission approve the action of the Department in extending existing construction contracts to include additional resurfacing work, as follows:

Bamberg County

Contract of Robert O. Collins Company, Inc. - File No. 5.508 - extended to include an additional section of Project C-508 (File No. 5.508) consisting of the grading, drainage and bituminous surfacing of Road S-628 from 0.68 mile northwest of Road S-42 northwesterly for 0.322 mile.

Estimated Cost of Extension \$42,969.68
