

## State of South Carolina Office of the Governor

NIKKI R. HALEY  
GOVERNOR

1205 PENDLETON STREET  
COLUMBIA 29201

Dear Friends,

On behalf of the people of the Palmetto State, I am pleased to congratulate the Savannah River National Laboratory on its tenth anniversary as a Department of Energy National Laboratory and over sixty years of service to our country.

Originally established to provide research and development support for the Savannah River Site startup and operations, the Laboratory progressed in scope and mission, expanding its focus to include environmental stewardship, national and homeland security, and clean energy. With its designation as a Department of Energy National Laboratory, along with a top-notch team including scientists, engineers, and technicians, the Savannah River National Laboratory plays a vital role in the development of sound solutions to serious issues at home and abroad. We are proud of the awesome work you do and thank you for serving our state and nation with distinction.

Michael and I send our congratulations and wish you the best for continued success. God bless.

My very best,

A handwritten signature in blue ink, appearing to read "Nikki Haley".

Nikki R. Haley

NRH/kt

*Congratulations!  
- A true source of pride.*
