**Subject:** State House Chamber Program

---

Hi Katherine: How would I go about inviting the Governor to our program in the House Chamber on September 19? The program begins with a presentation of Colors by a local high school's Color Guard. The program is from 11:00 a.m. until 1:00 p.m. This year is going to be especially important, as we are having Sir Robert Worcester, the Deputy Chair of the Commemorative Committee of the 800<sup>th</sup> Anniversary next year of the sealing of the Magna Carta as our featured speaker. He and Lady Worcester are coming in from England. The Queen is going to be present at the event in England.

We also have various judges and attorney speakers presenting this formal program.

We invite two high achieving students from every high school in the State to our event every year. It is the American Board of Trial Advocate's way of helping our schools fulfill the federal mandate to have a program every year on the Constitution on Constitution Day, or a date near September 17.

Thanks,  
Patty Cavanaugh
