Köhne Michael Well let's see..

I vote Trump, and my children are free to live their lives.

I vote Democrat, and their culture, freedoms, and ability to prosper are gone, along with their safety.

Democrats= no police, high taxes, socialism, white shame, identity politics, feelings instead of facts, no right to defend yourself, etc etc.

I don't need Trump to tell me that. The democrats are saying it loud enough.

Merica patriot out.. us

Köhne Michael I guess CNN hasn't told you that Obama, Biden, and Hillary are the ones who colluded with Russia.. But I guess you somehow have some evidence of Trump and Russia working together to take over America 😊

Wow Trump has been tougher on Russia than any president.

Please speak facts, not what you hear from a liberal, China owned media.

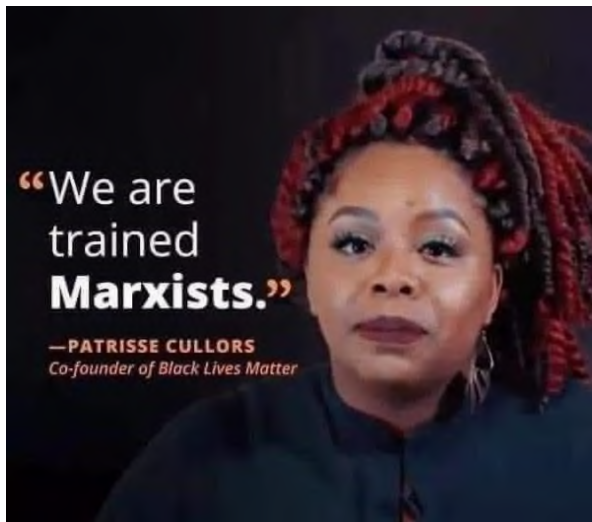

Only facts can win an argument.

Eddie Cranford You know, I just don't get people like this. It intentional ignorance. It's childish and irresponsible. I see each one of you as a threat to the well being of me and my family, and will act accordingly. This is no different than a drunk driver.

at 21:10:57 on 7/17/2020 UTC

Jason Nickel Eddie Cranford no. It's really not. If you have a mask what are you so worried about? History will show the true pandemic.

at 21:12:38 on 7/17/2020 UTC

Eddie Cranford Jason Nickel Yet another example of the willful ignorance rampant in the anti-maskers. You are just looking for things to support your narrative. Do you ever question anything you see on Facebook? In the article linked below, the New York Times reports that "A group of leading scientists is calling on a journal to retract a paper on the effectiveness of masks, saying the study has "egregious errors" and contains numerous "verifiably false" statements."

Anti-maskers are a threat.

<https://www.nytimes.com/2020/06/18/health/coronavirus-retractions-studies.html>

at 21:29:26 on 7/17/2020 UTC

Eddie Cranford Jason Nickel actually, continuing this conversation is pointless. You are just another one of those people who can't stand anything that threatens the fake reality you've created for yourself. So, I'm just going to block you and move on. I would encourage everyone reading this to do the same.

at 4:20:33 on 7/18/2020 UTC

Jeff Potter Cathy R. Jones nope sorry not goona happen. Seems science and the CDC change the rules everyday. The essential(me) workers have been doing this since this crap started and we weren't forced to wear masks then, so why start 5 months into this so called pandemic. Thats kinda like using on a condom after your already pregnant, but also why put on these so called safe Blue masks that everyone is wearing that are made in China, ummm the same China that started this crap. My how easy we forget.

Cathy R. Jones Dear SC state park
 Sorry I responded to a naysayer. We love our parks and appreciate the precautions. We feel very safe camping.
 at 15:13:37 on 7/18/2020 UTC

Sharlene Woodley I decline to visit a state park (or any uncrowded outdoor attraction) while it's 80+ degrees outside and have to wear a mask. I don't think it's wise to wear a mask while exercising outdoors, e.g. walking/ hiking if that in fact is what you're doing at the park.

 at 15:55:25 on 7/18/2020 UTC

Brooks Garrett Sharlene Woodley The statement above says nothing about masks being required outdoors. It says masks should be worn while inside visitors centers etc where staff are present. 😊
 at 16:04:10 on 7/18/2020 UTC

Scott E. Tempo Thank you for caring for the well-being of your visitors and staff.
 at 16:19:39 on 7/18/2020 UTC

Jeff Potter Sharlene Woodley i think it only pertains if you go inside any of the park stores and restrooms. If your camping there, then its up to yourself to do the social distancing BS. We havent had any problems with any of the state parks we've been too and we go to Lee SP and Little Pee dee SP alot
 at 16:21:04 on 7/18/2020 UTC

 at 22:57:40 on 7/18/2020 UTC

Sarah Wiley And Sharlene, if you do not appreciate SC State Parks working to keep us all safe, stay home. Oh, and read, like the others said. I guess I'll just add, with care and thought.
 at 23:00:35 on 7/18/2020 UTC

Olga Hoy "Visitors over the age of two years old are required to wear a mask in any state park facility staffed by employees or where the general public may congregate.". I am afraid 2.5 year old is not much better than 2. Meaning families with small kids will be in trouble. More generous policy was 12 y.o. - you can reason with those at least
