Hey! If renting out the facility, is it the responsibility of us to set up/tear down or does the Lace House provide people to do that for us?

Hi Joseph! So sorry for our delay in getting back to you. We are not responsible for set up or tear down of any tables and chairs. Per our rental contract, that is the caterers or lessees responsibility. However, we do have staff onsite during the entirety of all of our events who are more than happy to assist!

Thanks,
Sarah

No worries! I have an appointment on the 4th, so I'm sure we will have more questions haha
