Adrienne,

Just an FYI – this company is sending out their own release at 10 a.m. eastern today. They did not want a state release.

It was already closed in our system, so it counted towards last year's "recruited numbers." I suppose the next step is to get research to add to our "announced" report. Despite not issuing a state release, the company is still announcing the project. Do we need to give the Governor's office a heads-up (it's an \$11.8 million expansion creating 40+ new jobs in Greenville County).

Thanks,
Jeremy

Jeremy,

I hope all is well and that you had a great weekend. I was just informed that Project Blue Sky has completed a press release and will be releasing it at 10AM this morning. I was originally informed that they would not be doing a press release but after pressure from the media and others, they are deciding to release one. I have attached it to this email. Please let me know if you have any questions or concerns. Thanks so much.

Regards,

Ryan
